

AOR Program

The AOR insurance is \$42.00. The patient/ patient's parents deal directly with Allied OSI Labs in purchasing this. They can send check or money order to

Assured Orthotic Replacement

6299 Guion Rd.

Indianapolis, IN 46268

Or call and pay by Credit Card **800-444-3632**.

This program is for children in case of outgrowth within a 2 year period or lost/stolen claims. In case of outgrowth, patient must go to podiatrist to be recasted. The 1st outgrowth in the 2 year period is free, any other outgrowth in that same 2 year period is \$39.00. The outgrown orthotics must be returned to Allied when ordering the new pair. (These costs do not include doctor's fees for visit and recasting)

If Child's orthotic is lost or stolen, patient's parents can send us the AOR Certificate and write on it that it is lost or stolen, along with a \$39.00 payment for this claim. And if the patient's parents wish for it to be returned to them directly then they need to include \$8.00 ship to patient charge.

This claim is only good for 2 years and at the end of those 2 years Allied OSI Labs will send a Renewal Reminder to renew the insurance. This is a \$42.00 charge and the 2 years start over. The podiatrist is allowed to change the device type ONCE, going from a child's device type to an adult's device type. It is the Patient's/Parent's responsibility to update changes in address and phone number with Allied OSI Labs. If renewals are returned due to incorrect address, we will not cover insurance renewal past the 30 days.

*****All AOR Policy's need to be purchased within 30 days of receiving orthotic and all renewals need to be renewed within 30 days of expiration date.*****
